ERASMUS+ CALL FOR APPLICATIONS SHORT MOBILITIES 2022

FACULTY OF DESIGN AND ART

Published by Rector's Decree

Blended Intensive Programmes/BIPs are one of the new and innovative formats of student mobility introduced by the new Erasmus+ 2021-2027 Programme. These programmes, jointly developed by multiple higher education institutions, feature advanced and innovative pedagogical approaches that combine short-term face-to-face (physical) mobilities with portions of virtual learning.

BIPs are inherently transnational and transdisciplinary, as curricula are developed and taught together by partner institutions in different countries. The combination of in-person and virtual learning spaces allows students and professors to experience and exchange highly collaborative, challenge-based, and research-stepped methods of teaching and learning.

Through the required virtual part of the programme, students can develop and hone their digital knowledge and skills, reflecting the European Commission's priority to harness the potential of digital technologies for teaching and learning and to develop digital skills for all.

1. Total number of participants per institution

The University of Bozen/Bolzano (Italy), jointly with the University of Batman (Turkey) and the University of Fine Arts Hamburg (HFBK) (Germany) offer their students the opportunity to participate in a Blended Intensive Programme "Terrestrial Cosmologies -Public Design Support Raman". The following selections are announced for participation at the physical programme in the aforementioned BIP:

- **7 students**
- **1 Teaching staff member**

2. Calendar

The grant may be supplemented by specific contributions to support inclusiveness and for 'green' travel. Further information will be forwarded by unibz to the winning students.

Any special funding for students with special needs relating to health conditions may be allocated by the European Union. The availability of grants for special needs will be notified directly to the winners.

Grants received may be subject to refund in the event of:

- renunciation of the BIP mobility period (physical and/or virtual)
- cancellation of the mobility period by unibz and/or the partner university due to the student's failure to comply with the provisions of the mobility agreement.
- failure to recognize a minimum of 3 ECTS

For amounts, specifications (duration, number of teaching hours, etc.) and limitations of the teaching staff grant, the rules of the Erasmus programme apply: <https://erasmus-plus.ec.europa.eu/erasmus-programme-guide> (page 70 and 71).

All expenses must also be incurred and documented in accordance with the current unibz regulation on missions/business trips.
