ERASMUS+ CALL FOR APPLICATIONS: BIP/SHORT MOBILITIES 2024

FACULTY OF DESIGN AND ART

published by decree of the Rector

Blended Intensive Programmes (BIPs) represent an innovative approach to student mobility within the new Erasmus+ 2021-2027 Programme. These programmes, developed collaboratively by multiple higher education institutions, integrate advanced pedagogical methods by combining short-term face-to-face sessions with virtual learning components.

BIPs are inherently transnational and transdisciplinary, as they involve the joint development and teaching of curricula by partner institutions across different countries. The integration of physical and virtual learning environments fosters collaborative, challenge-based, and research-oriented teaching and learning experiences for both students and professors.

The virtual component of the programme allows students to enhance their digital knowledge and skills, aligning with the European Commission's emphasis on leveraging digital technologies for education and fostering digital literacy among all participants.

The University of Bolzano (Unibz), in collaboration with the Vilnius Academy of Arts, offers the opportunity to participate in the following Blended Intensive Programmes:

**Lithuania, Nida Art Colony of Vilnius Academy of Arts, E. A. Jonušo str. 3, Neringa:
