## ERASMUS+ CALL FOR APPLICATIONS - SHORT MOBILITIES

### FACULTY OF EDUCATION

Published by Rector's Decree

Short mobilities are one of the new and innovative formats of student mobility introduced by the new Erasmus+ 2021-2027 Programme. These programmes, jointly developed by multiple higher education institutions, feature advanced and innovative pedagogical approaches that combine short-term face-to-face (physical) mobilities with portions of virtual learning.

These short mobilities are inherently transnational and transdisciplinary, as curricula are developed and taught together by partner institutions in different countries. The combination of in-person and virtual learning spaces allows students and professors to experience and exchange highly collaborative, challenge-based, and research-steeped methods of teaching and learning.

Through the required virtual part of the programme, students can develop and hone their digital knowledge and skills, reflecting the European Commission's priority to harness the potential of digital technologies for teaching and learning and to develop digital skills for all.

The Free University of Bozen/Bolzano offers their students the opportunity to participate in Short Mobility Programmes. The following selection is announced for participation at the physical programme:

- **Katholische Hochschule für Sozialwesen Berlin: Inklusion und Sport World Games 2023 von Special Olympics**

**Admitted students: 8**

Physical mobility: 17-22.06.2023

Virtual mobility: 3 online meetings, and mandatory online preparation for the volunteer program

### 1. Financial support

The Erasmus programme provides financial support to all admitted students who will complete the planned physical and virtual mobility.

<b>Individual support</b>
From the 1st until the 14th day of mobility: <b>70 euro per day</b>

The grant may be supplemented by specific contributions to support inclusiveness and for 'green' travel. Further information will be forwarded by unibz to the winning students.

Any special funding for students with special needs relating to health conditions may be allocated by the European Union. The availability of grants for special needs will be notified directly to the winners.

Grants received may be subject to refund in the event of:

- renunciation of the short mobility period (physical and/or virtual)
- cancellation of the mobility period by unibz and/or the partner university due to the student's failure to comply with the provisions of the mobility agreement.
- failure to recognize a minimum of **5** ECTS

## 2. Eligibility criteria

Participation to the programme is open to students of the following disciplines and/or degree courses:

- Master in Primary Education
- Bachelor in Social Work
- Bachelor In Social Education

To be eligible for short-term physical mobility, it is necessary to consider the maximum number of Erasmus mobility days available for each study cycle, detailed below:

- Cycle I and II (bachelor and Master): 12 months
- single-cycle degree: 24 months

It is also specified that:

- It is possible to carry out, in the same academic year but not at the same time, one or more Erasmus mobility activities abroad (Study, Traineeship or Short mobilities/BIPs);
- Virtual mobility covered by this Call for Applications is, however, compatible with other international mobility programmes (including Erasmus).

## 3. Selection criteria and procedures (decree 26/2023 of 24.02.23 of the Faculty Council of Education)

An appointed Committee formed by Prof. Benjamin Niederkofler, Prof. Attilio Carraro and Prof. aggr. Vanessa Macchia will carry out the selection procedures.

- Language skills in German

## 4. How to apply

Students and teaching staff interested in participating should fill out the **application form** at:

<https://forms.office.com/e/uK5kF8aiTn> by **March 20<sup>th</sup> 2023, 5 pm**

The application form must contain the following attachments:

- Motivation letter

The rankings will be drawn up by the appointed Commission and sent by email by **March 24<sup>th</sup> 2023**.

Winning students in the ranking list must accept/renounce to the mobility through the online procedure (or through any other duly communicated procedure) within 2 days from the publication of the ranking list, following the instructions that will be provided by unibz.

Successful candidates who do not sign their acceptance by the established deadline will be automatically excluded from the rankings, as ex officio renounced for the present Call.

Vacancies not filled due to non-acceptance or renunciation shall be assigned through the sliding of the ranking list. In this case, the mobility assignment shall be notified to the eligible candidates called as replacement only through a communication to the institutional e-mail address.

## 5. Recognition of the mobility for students

The period of international mobility, carried out in its blended mode, is an integral part of the educational pathway and enjoys full academic recognition, on the basis of what has been agreed in advance with the student's Faculty and with the host university through the Learning Agreement for Studies (study plan for the mobility period).

The training activity carried out within the Erasmus short mobility must be recognized within the academic

career at unibz through the compilation of the "Learning Agreement for Studies".  
The successful completion of the programme, both in its physical and virtual parts, awards 5 ECTS.

For the purposes of recognition, each student is required to

- verify the availability in the study plan of a sufficient number of ECTS to be able to carry out the short-term physical mobility
- submit the relevant documentation attesting the activity carried out (final "After the mobility" document containing the learning outcomes, credits awarded and the dates of the period of physical mobility certified by the partner university).
