

FACULTY OF SCIENCE OF TECHNOLOGY

Erasmus+ and Bilateral Agreements 2022/23

Allowed activities, Commission and selection criteria

approved by resolution of the Council of the Faculty of Science and Technology nr. 277/21 of the 15.12.2021.

Allowed activities

- Educational activities (teachings) and related assessment tests (exams)
- Internship
- Preparation of the thesis

Commission

The Commission is composed of the following members:

Member: Dr. Sergio Angeli
Member: Dr. Yuri Borgianni

Criteria and selection procedures

The Commission will prepare a general list and several rankings divided by destination, on the basis of the following criteria:

For students enrolled in Bachelor and Master Degree courses (except IMaHS):

a) **Curricular credits - 30%**

The amount of total credits earned for the exams registered by **4 March 2022** divided by the number of curricular credits of the passed exams that a student should normally have accomplished at the end of each semester. This calculation will take into account the number of semesters since the first registration of the student in the degree course, regardless of the year of the course in which he/she is enrolled at the time of the ranking's publication.

b) **Average mark - 40%**

c) **"Proposal of Learning Activities to carry out abroad" - 30%**

The student must complete, in English, a "Proposal of Learning Activities to carry out abroad" indicating the reasons for his/her choice and, if applicable, the courses he/she intends to attend at the partner institutions (see the relevant sections in the online application form).

For students enrolled in the Master degree courses IMaHS:

a) **Curricular credits - 40%**

The amount of total credits earned for the exams registered by **4 March 2022** divided by the number of curricular credits of the passed exams that a student should normally have accomplished at the end of each semester.

b) **Average mark - 40%**

c) **English Language proficiency - 20%**

If proven by a certificate above level B1.

For PhD students:

- a) **Curricular credits - 30%**
Total of the curricular credits earned by **4 March 2022**.
- b) **PhD year - weight percentage 30%**
- c) **Form “Proposal of Learning Activities to carry out abroad” and personal interview - 40%**
The candidate must develop a coherent research project (see the relevant sections in the online application form). to be carried out at the host University.

Students must achieve at least **65 points out of 100** to be included in the ranking.

In case of an equal score, the student with the highest average mark will have the priority.

In case of a repeated equal score, the younger candidate will have the priority.

Student’s Citizenship: if the country of citizenship coincides with the country of the chosen university limited to this choice - the student will be placed on the ranking after students whose nationality does not coincide.

Faculty of Science and Technology
