21.3 Master in Eco-Social Design

Thesis Autumn session 2021

The topic for the thesis has to be submitted and approved by the first supervisor in consultation with the second supervisor through the digital platform provided by unibz (Cockpit) by **8th July 2021 (23.59 hours)**.

It is advisable to contact the supervisor and second supervisor with sufficient time before the deadline for the submission of the topic.

**First supervisors** for the Autumn session 21.3 can be the following:

- Tenured Professors of the Master in Eco-Social Design
  Kris Krois, Aart van Bezooyen, Andreas Metzner-Szigeth, Nitzan Cohen, Elisabeth Tauber;

- Researchers with a fixed-term contract of the Master in Eco-Social Design
  Alvise Mattozzi, Secil Uğur Yavuz, Jennifer Schubert;

- Professors of the Master in Eco-Social Design who are project leaders
  Karl Emilio Pircher, Daniele Lupo, Amy Franceschini, David Calas.

**Second supervisors** can be: Professors or Researchers of the Faculty; Contract Teachers of the Faculty; Professors and Researchers of other Faculties of the Free University of Bozen-Bolzano and national or international Universities or Research Institutions.

**PLEASE NOTE:**
If the first supervisor is a design practitioner, it is recommended to have a second supervisor with design research experience or from social sciences or economics (as taught in the area Observe, Analyse & Apply). In case the first supervisor is a design researcher, it makes more sense to choose a design practitioner as second supervisor.

**Presentation of the thesis project and exam** of the autumn session:
Thursday 18th November and/or Friday 19th November 2021 (depending on the duration of the Bachelor final exam).
