* from 1st February 2021

Second supervisors can be: Professors or Researchers of the Faculty; Contract Teachers of the Faculty; Professors and Researchers of other Faculties of the Free University of Bozen-Bolzano and national or international Universities or Research Institutions.

PLEASE NOTE:
If the first supervisor is design practitioner, it is recommended to have a second supervisor with design research experience or from social sciences or economics (as taught in the area Observe, Analyse & Apply). In case the first supervisor is design researcher, it makes more sense to choose a design practitioner as second supervisor.

Presentation of the thesis project and exam of the summer session:
Thursday 15th July or Friday 16th July 2021 (depending on the duration of the Bachelor final exam).
