Teaching Evaluation

Prof. Lombardo Stefano

27275: Diritto bancario e finanziario italiano ed europeo

Corso di laurea in Economia, Politica ed Etica

PRIVACY SETTINGS

According to the document "Autovalutazione, valutazione e accreditamento del sistema universitario italiano" which was approved by the managing board of the National Agency for the Evaluation of Universities (ANVUR) on 9th January 2013, the survey for each course and on the organization of teaching by students is mandatory. The students opinion fits in the quality assurance process and is an important instrument to identify strengths and weaknesses in teaching. As requested by the law the Free University of Bozen-Bolzano guarantees the anonymity of data, which means that there is no link between the identity of the student and the answers given. By completing the questionnaire, no identifying element of the student is stored but only the information about the completion of the questionnaire in order to avoid that the student fills out the same questionnaire several times.

For more information about the course evaluation by students, please click the following link:
<https://www.unibz.it/en/home/quality-assurance/students-role/>

☐ I have read the notes on the evaluation of courses and on privacy.*

What was your attendance at the lecture(s)? *

☐ More than 50%

☐ Equal to or less than 50%

The **deadline** for enrolment and cancellation of enrolment is **five** days **before the exam date** (exam date not considered).

Therefore:

If the exam takes place for example July 11, the 11 does NOT count for the five days – so the calculation you have to do is $10 - 5 = 05$ – which means July 05, watch the clock, as 11.59 p.m. is the deadline

ATTENTION!!

If you decide not to take an exam for which you are already enrolled, you must cancel your enrolment on-line.

If you forget to cancel the enrolment and don't show up at the exam, please be aware that **this will count as an attempt!**

The deadline for the cancellation of enrolment is the same as for enrolment (FIVE days before the exam date)

If you miss the deadline, you will not be able to cancel your enrollment!

FAQ regarding Modular courses

When do you need to enrol to an Exam of Modular courses:

The enrolment to exams of Modular courses **is necessary** when you **intend to take the overall exam (M1 and M2) / or get the overall exam mark registered**. You need to enrol to the Exam of Modular courses even if:

- single modular exams have been passed in advance throughout the current academic year (if this is the case, students only need to complete the missing part /module during this overall exam)
- you want to write only one part/module, **although** you have already participated to the whole course (if so, the overall exam will be valuated as "not passed" whereby the positive result of the single module maintains the validity until the 3rd exam call in December or January/February. After this 3rd exam call the results of modular exams will be cancelled.

When you DO NOT need to enrol to an Exam of Modular courses:

- Students who participated in the lectures of only **the FIRST module** of a complete course, and want to take only the intermediate/ Modular Exam of that single module (Modular Exam M1) at the end of the Winter semester, **DO NOT** need to enroll for the overall exam (*which usually takes place contemporaneously with the Intermediate/Modular exam – this official exam is the 3rd exam call of the a.y. before and only offered for those who have already attended both modular courses M1 and M2*)

Validity of results of intermediate/Modular exams:

- Marks of intermediate / Modular Exams, completed at the unibz, are **valid only until the 3rd exam call in the December or January/February exam session**. After this 3rd exam session (or after the exam attempts have been consumed) the results of intermediate exams / Modular Exams will be cancelled.

Exams of Modular Courses and Erasmus/Free Mover/Bilateral Agreements:

- Marks of Exams completed at another University during Erasmus/Free Mover/Bilateral Agreements and recognized as an intermediate /Modular Exam, **maintain their validity** (=Partial recognition).

ATTENTION: If you hold a partial recognition, you **still** need to register for the overall exam and be present during the exam (M1_M2) in order to get the mark of an overall Exam registered. (**even if** both parts have already been completed *Example: you have done the Modular Exam of M1 Diritto Pubblico at the end of the 1st semester 2025/2026 – in the 2nd semester 2025/2026 you have been abroad and you have done an equivalent exam for the modular exam Diritto Privato: you have to enrol for the official exam in September 2026 or in January 2027 in order to get the overall mark – otherwise you will lose the mark for the modular exam of M1 Diritto Pubblico*).

Why am I not able to enrol for an exam?

The main reasons at a glance:

- **you have not evaluated all lecturers**
- **the deadline (5 “free” days before the exam) has expired**
- **you have not certified the official teaching language of the course at the B1 level – if the course is modular and each module has a different language you need to certify both languages at B1 level**
- **you have already sat that exam 3 times in the same academic year**
- **the exam is not in your “study plan” but only in your “timetable” - you have to insert it in your studyplan**
- **you have not paid your tuition fees**

IF none of the above-mentioned reasons apply, please contact the Faculty Secretariat **immediately: info-schoolofeconomics@unibz.it**
